## DEAD HAND SHAKES GROVE

Fatal Joy Ride Gives Chautauqua City First Scandal in Years

One Woman of Tender-loin Killed and Another Injured.

PACIFIC GROVE, Aug. 5.—Pacific Grove is buzzing with the first real scandal that the little town of church and Chautauqua fame has ever had. The mystery is almost too big for "the Grove" and the news has leaked out. The mystery is, "Who is the church pillar who was out joy riding with two inmates of the tenderloin?" The ride resulted in an accident in which Dorothy Borden, known in Monterey as "The Queen of Mulatto Row," was killed. The Borden girl and the man in the case were thrown from the machine when the car struck a railroad crossing near Glenwood Inn. The girl was fatally hurt, but the man escaped unharmed, and now the coroner is attempting to find him.

The news that he is supposed to be one of the church leaders of "The Grove" has created considerable excitement here. Persistent rumors have been afloat for several days that the man in the case, following the accident, and fearing publicity, attempted suicide. In Monterey the anti-reformers are chuckling with glee over the affair. They are lending all their aid to Coroner Pell to get to the bottom of the mystery and it is expected that before long the man's name will be out. It is also expected that it will cause a far-reaching scandal.

The accident occurred Friday when the man in question took two girls, the Borden woman and another, from a Monterey resort on a joy ride. The weight of the trolio machine struck a cross-tie and turned its passenger to the ground. The injured were taken to the Hotel Del Monte, where medical aid was summoned. The girl was taken to the hospital of the Monterey sanitarium shortly after.

An inquest is to be held tomorrow, when Coroner Pell will make a rigid investigation of all the facts pertaining to the case and start an effort to discover the identity of the man. It is declared that the police have several clews and that the mystery will probably be cleared up by the time of the inquest.

The fact that the man is a pillar of the church will, if established, be a powerful weapon against the threatened reform wave in Monterey. It is on this account that the anti-reform element is making such strenuous efforts to unearth the man's identity.

**August 10 Final Date For Filing Petitions**

SACRAMENTO, Aug. 5.—The question of whether supplemental referendum petitions can be filed with the office of Secretary of State before November 3rd, decided in an opinion rendered today by Attorney General Webb, which fixes August 10 as the final date. Some had professed to believe that forty days were allowed after August 10 for the filing of supplemental petitions.

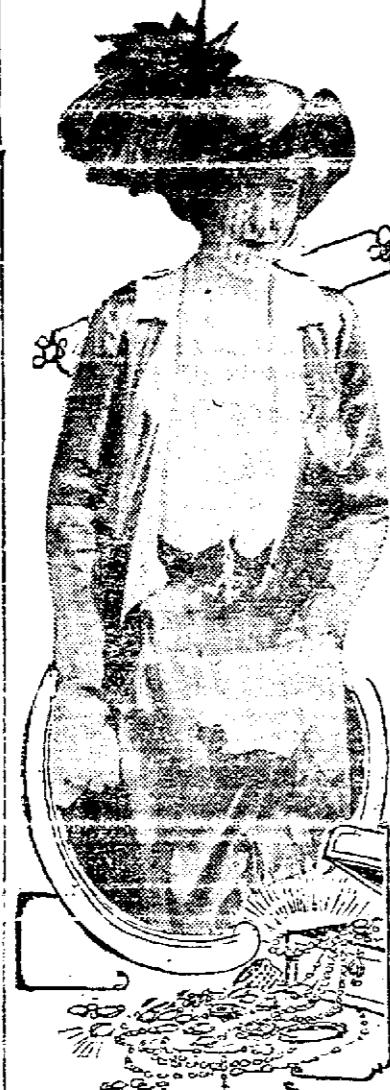

**Japan's Exposition Attitude Uncertain**

ST. PETERSBURG, Aug. 5.—Two Russian military aviators, Lieutenant Polikarpoff and his mechanician, were killed at the Krasnoye Selo camp today.

**TRIBUNE'S NEW BRANCH OPENS IN KAHN'S STORE**

With the opening of Kahn Brothers' new store on Saturday day there was installed in the establishment a branch office of THE TRIBUNE, which will prove to be a great convenience to patrons of this newspaper in a rapidly-growing downtown district. The office is located on the aisle at the south Broadway entrance, where great throngs mass during the day, and will be open during the same hours as the store, between 9 a. m. and 6 p. m., except on Saturdays, when the hours will be 9 a. m. to 10 p. m. Fears Gem Thief Locks Up Jewels

**Mrs. Astor Warned by the Police**

NEW YORK, Aug. 5.—Hints from the New York police that Narragansett Pier jewel thefts were but the first of a chain that society might suspect led today to the deposit in a vault of the famous Astor jewels. Mrs. Ava W. Astor, first wife of the late John Jacob Astor, turned over \$20,000 in gems and gold to bankers this morning, according to report from a reliable source. Among the baubles was the famous chain of small diamonds with a jewel-studded watch that society has envied for

## HYNES WILL SEEK NEW EVIDENCE

District Attorney Soon Will Be Ready to Submit Findings.

**Protection for Young People Aim of the Prosecutor.**

With a volume of testimony before him, District Attorney Hynes is today endeavoring to sift incriminating evidence from the transcript taken at the hearing of saloonkeepers who sold drinks to minors and who maintained gaming tables in rear rooms where youths under age were permitted to bet the limit provided they had the necessary "come-in" money. The matter will probably be placed in the hands of the Grand Jury when that body convenes next Thursday.

The case of young Ward Masters, now in the county jail on charge of embezzeling money from his employer to satisfy craving for the game of poker, played with older men in such places as that of Jack Heaney, at 1111 Broadway, and several other billiard and saloons located in various parts of the city.

"There is a great amount of testimony contained in the transcript of the several hearings before Superior Judge Donahue in the case of Helen Sergeant," said District Attorney Hynes today. "So far there have been no additional citations issued either in the Sergeant case or that of John Jacob Astor, turned over \$20,000 in gems and gold to bankers this morning, according to report from a reliable source. Among the baubles was the famous chain of small diamonds with a jewel-studded watch that society has envied for

That there have no warrants issued and would be none until a further review of the testimony, was also stated by the district attorney, who with Assistant District Attorney Phil Clegg is endeavoring to get the matter in such shape that there will be no false move when the time comes to bring the persons responsible for the downfall of the 12-year-old girl and the gambling youth to task.

INFORMATION WITHHELD

Under instructions from Judge Donahue, District Attorney Hynes said today that he would not be able to give out any of the information contained in the transcript of testimony until such time as official action is taken against any persons involved. Miss Sergeant has been certified to the Juvenile Court, and is being held at the Detention Home with her companion, Francis Smith.

Among the men who have been cited to testify before Judge Donahue was Fred Ohe, a saloonman of Forteth street and San Pablo avenue, whose establishment was under criticism a year or more ago on account of a drunken man being responsible for the death of a woman who was run over by the Key Route train in front of his door. It is said that Ohe was frequently in the company of the Sergeant girl and her friend, but the substance of his testimony has not been given out. It is understood, however, that Ohe, being responsible for a number of things that have been attributed to him,

In this respect he stands in practically the same grounds as does (Continued on Page 2, Col. 4)

## ADVISES WOMAN TO LEARN USE OF GUN

"I advise you to get shotgun and fill it full of buckshot, and if you have reason to believe that this man is going to shoot you, kill him first," said Judge R. B. Tappan of Alameda in the local police court this morning in advising Mrs. Minnie Rowe, 1529 Alice street. "If more wives would shoot their husbands instead of enduring their abuse it would be good for society."

Rowe was arrested Saturday night after he had made threats against his wife in a quarrel with her. It was proved that the man had threatened her life. He was arrested on a charge of making threats against life.

"Can you handle a shotgun or a revolver?" Judge Tappan demanded of Mrs. Rowe. She responded that she could not.

"Well, I'd advise you to learn," continued the court. "I'm not counseling you to commit murder, but I believe that women ought to resist the brutal actions of

men the best means of doing this."

Rowe played Rowe's bond of \$150 to keep the peace and not to sue him again.

men threw their revolvers into the street. The police have no clew to the identity of the men nor any knowledge of what led up to the mysterious shooting.

## IS THIS MAN ABOVE THE LAW?

When Jack Heaney, the proprietor of the notorious Broadway saloon, in which Ward Masters, the youth, was ruined by gambling, was summoned before Judge Donahue the other day he laughed. "I'm not worrying over this," he announced. Masters embezzled his employer's money to gamble in Heaney's saloon with "Frank," "Bill," "Bonk," "Pop Jones," "Harry, the Jew," "Silent Murphy" and "Dancing Murphy." Jack Heaney has a tremendous political pull. He will not be investigated at the city hall. THE TRIBUNE does not expect that his place of business will be closed. However, here is an excellent opportunity to show up the system.

## ASSASSINATE AND FLEE IN MOTOR-CAR

NEW YORK, Aug. 5.—William Lusing, a young man of whom the police know very little except that he comes from a respectable family and has a brother who is a process server attached to the district attorney's office, is dying in Bellevue hospital today, the victim of assassins whose work recalls the gunmen's methods in the Herman Rosenthal murder more than a year ago.

Lusing is believed to have been lured to "Humpy" Jackson's coffee house by a woman last night. The couple had just taken a seat at a table when the woman suddenly left and Lusing started after her. He found his exit barred by four men with revolvers gleaming. They all fired and three of the four shots took effect.

A big black touring car whose motor was being started just as the shooting occurred provided means of escape for the gunmen and they were speeding away before the policemen on nearby

men threw their revolvers into the street. The police have no clew to the identity of the men nor any knowledge of what led up to the mysterious shooting.

Through the making of return late yesterday afternoon by the sheriff of Alameda county in connection with the trial of the men for the killing of the man who was shot in the head, the police have no clew to the identity of the men nor any knowledge of what led up to the mysterious shooting.

## HUMPHREYS ONLY PERSON PRESENT

SAN FRANCISCO, Aug. 5.—Attorney W. P. Humphreys, representing the associates of R. G. Hanford, who filed a petition asking that F. M. Smith, the Oakland millionaire and capitalist, be adjudged a bankrupt, was the only interested party on hand in the federal court today when the proceedings were scheduled to be completed. The bankruptcy act provides that an answer may be given to a complaint within 20 days of the filing of the petition, but an additional five days is also allowed. Attorneys Peter Dunn and Walter Cole of Oakland have decided to avail themselves of this additional period and expect to be in court on Saturday.

There was no action taken whatever this morning and Attorney Humphreys stated that he expected a decision by the court on Saturday.

"I may say that I believe there is no question about the merits of our petition, even though Smith may be

dead," he said. "Smith may be

## EXTEND WELCOME TO H. C. CAPWELL

H. C. Capwell, former president of the Chamber of Commerce, prominent merchant and late globe-trotter, was welcomed home to Oakland today at noon at one of the largest affairs given recently by members of the Chamber of Commerce, when at the Hotel Oakland, the Oakland boosters celebrated the home-coming of their former leader at a big luncheon.

An answer was given to a question concerning the reason why the chamber acted as toastmaster and several prominent members and directors of the organization were among the speakers. Capwell, in responding, told of his trip, including a number of adventures in the old world with his son, Cobett, he had circled the globe and has seen all principal points from London to Shanghai.

Capwell resigned his director's seat in the chamber at the time he left, as he did not feel justified in holding it during the long time of his absence.

It is seldom that a trial in the United States District Court attracts the notice which has attached to the proceedings in this instance. The courtroom was thronged and hundreds of citizens were turned away by deputy marshals standing at the door. On the inside the men of the jury panel occupied almost every seat, while without the railing the large corps of

## DIGGS-CAMINETTI CASE STORY TOLD IN BRIEF

JANUARY 13—Maury I. Diggs and Drew Caminetto eloped from Sacramento with Marsa Harrington and John Morris, causing a sensation in the capital.

JANUARY 16 to 20—Unsuccessful search made for the missing girls by frantic parents aided by the police.

JANUARY 21—Party located in Reno, Nev. Subsequently chief of police of Reno surprises four in a little cottage hired in the Nevada metropolis. All are arrested and taken back to Sacramento. The girls are allowed to go to their homes. Diggs and Caminetto are kept in prison fearing violence at the hands of threatening citizens.

MAY 6—Defendants indicted by the federal grand jury for violating the Mann white slave laws, and for conspiracy to commit penal offense.

MAY 6 to JUNE 20—Cases of accused men repeatedly continued with consent of United States Attorney John L. McNab.

JUNE 21—United States Attorney John L. McNab resigns his office. Declares influence brought to bear to crush prosecution in Diggs-Caminetti cases. Nondenial wide sensation caused.

JUNE 21 to JULY 15—Department of justice investigates charges made by McNab and finally appoints Attorney Matt Sullivan of San Francisco special prosecutor.

JULY 30—Diggs and Caminetto arraigned on all charges. Plead not guilty. Motion to quash indictments denied. Demurrars to indictments overruled. Date for trial set August 5.

AUGUST 5—Defendants appear for trial in the District Court. The prosecution elects to try Maury Diggs first on the white slave accusation.

SAN FRANCISCO, Aug. 5.—With some of the best legal talent in the State arrayed on both sides, the trial of Maury I. Diggs, a prominent resident of Sacramento, who, with Drew Caminetto, son of Immigration Commissioner Caminetto, is accused of violating the Mann white slave act, faced his accusers in the Federal Court here today. The interest of the entire nation is centered upon the trial of these charges which are entwined about an ugly scandal which resulted on June 21 last in the resignation of United States District Attorney John L. McNab, who claimed that the prosecution was hampered.

It is seldom that a trial in the United States District Court attracts the notice which has attached to the proceedings in this instance. The courtroom was thronged and hundreds of citizens were turned away by deputy marshals standing at the door. On the inside the men of the jury panel occupied almost every seat, while without the railing the large corps of

the officials of the court itself were accommodated with difficulty. U. S. Judge Van Fleet has consented to try the first case of the series involving Diggs and Caminetto, and one of their attorneys, Charles B. Harris of Sacramento.

MCNAB AT HAND. John L. McNab, the United States attorney who accepted the department of justice at Washington, will listen to pleadings for the postponement of these very cases.

IN view of several recent events, including a conspicuous figure along the steps in the Federal building, the

## STITUTION HEADS FURTHER ACCUSED

Additional Charges Are  
Made Against Yount-  
ville Surgeons.

SACRAMENTO, Aug. 5.—Additional charges against Dr. D. M. McElroy, surgeon, who is now city surgeon at the Yountville Veterans' home, are contained in supplementary affidavits filed with the state board of control, in accord with a request made last week for more information when sensational accusations were first aired.

Dr. McElroy, in another affidavit by Bert Howard, former night steward at Yountville, is alleged to have ordered cocaine or opium, a deadly drug to be used as a wash for a woman's arm which had been bitten by a dog.

Dr. Crane comes in for criticism because Yountville's other physician explained the death of a patient on whom he had performed a postmortem examination so badly that the widow and

hospital, under the supervision of the two surgeons committee made it necessary to remove遗体 from the hospital in some of the wards before it could be given to patients, also are emphasized in Howard's affidavita.

## Osteopaths Claim Tuberculosis Cure

KIRKSVILLE, Mo., Aug. 5.—That tuberculosis in all states can be cured by manipulation with the hands on certain portions of the spinal column was the claim made by Dr. W. B. Meacham of Asheville, N. C., before the seventeenth annual convention of the American Osteopathic Association which was opened here yesterday.

Dr. J. E. Deacon, head of the A. T. Still Research Institute in Chicago, said experiments on lower animals have substantiated the statements of Dr. Meacham. Anti-toxins and serums, including that of Dr. Friedman, were denounced as futile by the osteopaths.

## Seven Lives Lost in Lamp Explosion Fire

QUEBEC, Aug. 5.—Seven lives lost yesterday in a fire which destroyed the home of Louis Paquet at St. John Park, Isle of Orleans, some fifteen miles east of Quebec.

Mrs. Paquet has five children and an uneducated woman who was staying in

The fire was caused by the explosion of a lamp.

### "Cold Feet" Are Just What These Policemen Want

LOS ANGELES, Aug. 5.—"Hot foot" is an affliction of traffic policemen who have to stand on super-heated street pavements in summertime, but it will no longer be suffered by Los Angeles policemen, at least, as the department adopted the invention of Crossing Police Officer L. J. Thorne, which consists merely of a square of the non-conducting mineral asbestos. That is, he and his brother traffic squad men stand on the carpet of asbestos and their feet keep comparatively cool.

### TELEGRAPH MEN URGING ACTION

Delay in Negotiations to Be Considered by Our Boys Friday.

SAN FRANCISCO, Aug. 5.—The strike situation, so far as it affects the Southern Pacific and the Order of Railway Telegraphers, took a decided turn yesterday when the general committee of the telegraphers, which has been in session here for some time, decided to adjourn Friday to Los Angeles where a meeting will be held on Saturday. At this meeting it will be discussed what the telegraphers term the dilatory tactics of the railroad in the negotiations over the schedule of wages first considered by the men and the company on April 22. The men will also consider the advisability of joining the Federation of Labor. The telegraphers are the first of the big five in railroad organizations to do this, joining the federation, and the move is expected to be an important one in labor circles. John E. Cowgill, general chairman of the committee, and E. J. Marion, vice-president of the order, will accompany the committee to Los Angeles, where it is expected 150 delegates will meet.

The three general superintendents of the Pacific system of the Southern Pacific Company, H. V. Platt of Los Angeles, D. W. Campbell of Portland and J. M. Davis of San Francisco conferred yesterday in the Flood building with a committee representing the Order of Railway Telegraphers. The company believes that because of certain requirements of the order, the possibility of the telegraphers walking out with the trainmen is remote enough to be improbable.

### ZOLA MANUSCRIPT IS IN MORGAN COLLECTION

NEW YORK, Aug. 5.—A nation-wide hunt by American connoisseurs of Mme. Zola for the manuscript of Emily Zola's novel "Paris quatre-vingts" has resulted in the finding of the original copy of this story in the J. P. Morgan collection in this city. "Nana" is the only one of the Zola manuscripts that is now in the possession of the French Government or the widow. Morgan said that he did not know what his attitude would be if such request should be made. It probably will be made to Morgan within a few days by Guyot Cameron, formerly professor of French in Princeton University who has been commissioned by Mme. Zola to locate the manuscript.

### FISHERMEN RESCUED: HAD DRIFTED TO SEA

SANTA CRUZ, Aug. 5.—A drift at sea without food and water and almost exhausted from calling for help that did not respond. Paul Ryan and Carter Jones, two San Francisco fishermen, were rescued yesterday from a tragic experience.

They started out early Saturday morning and made a big haul of salmon fish and a drift down and then drifting into the rocks of the tides. Their small supply of provisions became exhausted and several passing vessels failed to answer their call for help.

At length they hoisted a blanket to the mast of the launch, hoping to reach Santa Cruz, but the vessel drifted out of its course and was driven about by the tides. They had almost given up when they drifted into Monterey bay.

Several miles out they were able to see some salmon boats, and after a last feeble effort waving their coats, they attracted the Pendleton brothers, who went to their rescue, taking them ashore, near collapse from their terrifying experience.

### 2-CENT RATE IN EFFECT IN 10 DAYS

ST. PAUL, Minn., Aug. 5.—The Chicago Great Western railroad, with in 10 days, will put into effect the new two-cent passenger rates as ordered by the United States Supreme Court in its recent decision in the Minnesota rate cases. This announcement was made last night following a conference between Attorney-General Smith, railroad commissioners and officials of the Great Western.

### UNKNOWN RELATIVES TO PROFIT BY ESTATE

SANTA ROSA, Aug. 5.—William Lingworth, who owned a magnificent ranch near this city and who died recently, often expressed his intention to change his will, leaving some of his estate to people here who meant something to him. Death intervened, however. Now all his property goes to heirs he never knew, nieces and nephews in England.

The will was filed for probate yesterday in the Superior court. The petition states that the property is valued at \$25,000, i.e. it will probably be in excess of \$20,000.

### 2 INJURED IN HOTEL FIRE; LOSS \$200,000

PHILADELPHIA, Aug. 5.—The Blue Mountain House at Penmar, on the Pennsylvania-Maryland line, was destroyed by fire today, two guests being seriously injured. They are E. F. Metzgar and Malcolm Frank of Norfolk, Va. They were on the fourth floor and were rescued when they had reached the second.

The fire had its origin in the kitchen and quickly spread to adjoining rooms

and the floors above. There were 175 guests in the hotel. The loss is about \$200,000.

IDORA SUCCESS

Ferris Hartman and Company Score Another Hit at Amphitheater.

"The Mayor of Tokio," Japanese in name, but in nature a little of everything under the sun, was produced by the Idora Park company last night and proved one of the biggest successes of the present season. The sprightly comedy, written by Richard Carle, is one of the modern hits. Produced in cut-and-dried style, it last night added another laurel to the crown of Ferris Hartman, producer.

The piece is musical comedy—that's all. Any impossible situation will do, as long as there are laughs in it. "The Mayor of Tokio" is impossible and funny. It deals with a company of burlesquers, stranded in Japan, and the impresario and the mayor of the Japanese city bicker, quarrel and otherwise disport themselves. J. Rundt, a new addition to the company, enacted the mayor. Ferris Hartman enacted his old part of "Kidder," the impresario.

Playgoers, as the souper of the company stranded in the flowery kingdom, looked pretty and did several neat pieces of comedy work. Miss Michael Kingston appeared as Cleo San, the Japanese princess, who falls in love with the tenor. George Eigner is the "heavy" comedy villain as a Russian spy. Bob Fitzsimmons, May Livingston, Grace DuVal, Alice McComb, Harry Pollard and the rest of the Idora favorites are seen in adequate parts. The piece will run all week and will be followed by "The Telephone Girl."

INDIANS HUNGRY, SAYS CHIPPEWA CHIEFTAIN

HELENA, Mont., Aug. 5.—"God was taking care of us all right until the white man came and induced us to listen to his promises of protection. Last winter we had to live on dogs and frozen horse meat," Chief Little Bear of a parish tribe of Chippewa Indians informed Secretary of the Interior Lane yesterday through an interpreter.

The chief asked for land for 500 families and assistance until the

secretary promised to do what he could, but insisted that no help would be given to lazy Indians.

**PREPARE TO FIX FAIR TAX RATE**

State Board Completes Annual Assessment of Railroads.

SACRAMENTO, Aug. 5.—The State Board of Equalization completed yesterday its annual assessment of inter-county railroad property preparatory to fixing the tax rate for the third installment of the Panama-Pacific Exposition tax.

The valuation placed on the properties of the twenty-four county railroads coming under the board's supervision was computed to be \$150,723,742, an increase of \$3,411,311 over 1911.

The average valuation per mile is \$25,685.

The tax rate which the railroads must pay will be materially lower this year than in 1911. The rate paid last year was .04¢ of a cent on each \$100 of increased valuation.

The ad valorem basis of taxation is employed by the board in the levying

Maneuvers of Arizona Guardsmen Seen by Nipponese War Officials.

PHOENIX, Arizona, Aug. 5.—The war was informed in a telegram sent from Phoenix last night of the presence at Camp Whipple during the encampment of the Arizona National Guard of three Japanese army officers. The visitors were said to have watched closely the maneuvers of the guardsmen and to have taken photographs.

This information came from a member of the Japanese colony here. The informant said that the officers had also obtained secret information concerning the proposed fortifications at Los Angeles harbor.

The officers he said, were Lieutenant N. Amata, Infantry; Captain N. Shinji, Artillery, and Colonel Hisashi, Cavalry. All were reported to have served in the Russo-Japanese war.

The visitors arrived here two weeks before the engagement which began July 17. No notice was reported of their presence among the crowds viewing the maneuvers at the state's encampment.

**DREDGING COMPANY LOSES CONCESSION**

American Concern in Cuba, it is Alleged, Violates Contract.

HAVANA, Aug. 5.—Following a cabinet meeting yesterday afternoon President Menocal signed a decree which will have an important effect on the Ports Improvement Company of Cuba, which has long been the subject of bitter attack in the press. The company is composed of American capitalists and holds concessions for the dredging of harbors and carrying out other improvements in various ports, in return for which it is permitted to collect a surtax on the merchandise of commerce.

The decree declared that the company has not fulfilled all the provisions of the law under which it is permitted to do business and that therefore the secretary of the treasury immediately will suspend payment of tonnage dues, and

present time that the biggest speed stunt ever pulled off in the West for three hundred miles and under, is to be presented at Corona September 9. Five reasons will be given why this is to be the greatest race of this kind ever known west of Indianapolis:

No. 1. The prize money is real money and not a real estate claim.

No. 2. The perfect circle is a perfect road bed without a single sharp turn upon it.

No. 3. A 100,000 spectators will attend all the men of any consequence, big and little, who know anything about the racing game.

No. 4. The fact that there are to be two races, one a small car event and the other a free for all, will make it possible for every car representing speed or endurance to be fully tested and the speed elements with the possibility of a world's record broken give this race such an interest as no Western classic has had this year.

A general admission fee of 50 cents will be charged and with this goes the privilege of enjoying a grand stand seat in full view of a large section of the course; naturally the outside seats are the best and all the grandstand privileges will be on the outside of the course.

Machines will be admitted free and given parkings when each occupant of the machine pays the 50¢. Seating capacity will be provided for 30,000 people. The most exciting month of August ever known in the vicinity of Los Angeles will be this coming month when the big gasoline demons are setting preliminary records for Admission Day.

Santa Monica will soon be off the race and the real racing spectacular extravaganza will be presented to the tens of thousands waiting to see what Corona is actually going to accomplish.

PLAN EXCURSION.

The automobile dealers of Oakland and San Francisco plan to journey to Corona in a body to attend the coming speed classic. The committee in charge of the excursion first had in mind a pilgrimage to Santa Monica, but on account of the fact that there is no program planned for Corona it was decided that all probability will be productive of a new world's record and at any event a racing card well worth while.

The committee in charge, Phil Frasher of the Dog Lees forces, Bert Latham of the Simplex and Mercer car interests, Frank Carroll of the Goodyear tire house and J. D. Doyle of the Fireman's Fund Insurance Company, plan one of the largest "posters" trips ever conducted by the motor car interests of San Francisco.

READY FOR BUSINESS.

The Oakland branch of the Chancery Lyon company is now running smoothly after the almost unavoidable confusion attending the "morning after" of "smoking day." Branch Manager Merrill has been very busy arranging appointments in practical fashion and perfecting the selling and service organization.

So far the rush of business there has been great, clearly indicating that the Alameda users appreciate this latest step in rendering quick and satisfactory service.

M'VEY TRAVELING.

H. C. McVey, factory representative of the Westcott Motor Car company of Richmond, Indiana, and with headquarters at the Dillon-Goodwin and company, Westcott agents here, is at present in the south, visiting Westcott dealers and agents there. McVey will return in about two weeks, making several cities on the return trip.

SPEEDY LOZIER.

The early part of last month witnessed the record between Spokane and The Dalles, Oregon, being broken by a Brierhoff Lozier. The former record for the 265 miles was 11 hours, but the speedy Lozier lowered it to sixteen and one-half hours. This remarkable record was made in a driving rain, not to mention that the speedster twice got lost. Word of the broken record was immediately sent to the Bokins-Spears Motor Company of San Francisco, who are the agents for the Lozier here.

## REDUCE THE NUMBER OF SALOONS

### OUR PLATFORM

THE TRIBUNE pledges itself to use its influence to reduce the number of saloons in this city from 400 to 200, and to increase the liquor license from \$500 to \$1000 a year. It must, however, have the active support of the people of this city. Take every saloon at once out of the residence districts. The City Council is now preparing a new liquor ordinance. Now is the time for the people to act.

Will the Woman's Civic League take up this great issue? Will the anti-vice commission take up this great issue? Will the churches take up this great issue? Will the reform organizations of Oakland take up this

The City Commissioners are vamping up a new liquor ordinance to take the place of the present patchwork affair which fosters evasions instead of providing the legal machinery for effective regulation. The proposed ordinance should be neither complex nor long. It should provide for a decrease in the number of saloons and an increase in the license tax to correspond with the diminution in licenses. Also saloons should be banished from residence districts.

There are too many saloons in Oakland—more than the town can legitimately support, and more than is consistent with good morals and good order. With a population of less than 200,000, this city has 400 places licensed to sell liquor by retail. It is far too many. The number should be reduced by half. Los Angeles has more than twice as many inhabitants as Oakland, and saloon licenses in Los Angeles are limited to 100.

By raising the license and limiting the number of saloons, low grogshops will be driven out of business, and a license privilege will be worth while. It will take on the aspect of a vested right so valuable as to be a contributory aid to good order and regulation. The holder of a license with the right of renewal as long as he obeys the law and the police regulations will not lightly forfeit his privilege. The increased value of his privilege that will come with a diminution in the number of saloons will be in the nature of a guarantee against infractions of the law and the canons of decency.

Many of the irregularities which have lately occupied public attention are largely due to the excessive number of saloons licensed to do business here. Legitimate business is not sufficiently remunerative, hence liquor is sold to minors and women, skin gambling is permitted and many saloons sell liquor surreptitiously after the legal hour for closing. The competition is too keen for a business which lends itself so readily to abuse. Licenses are taken out and if the business cannot be made to pay legitimately, illegitimate methods are resorted to.

Thus licensing too many saloons offers a premium for law-breaking and for practices subversive of good order. The remedy is obviously to reduce the number of saloons and fix the license at a figure that will make it impossible for low groggeries to keep open. Regulate the improperly conducted joints out of existence and there will be fewer scandals such as the gambling scrapes of the Masters boy and the escapades of Helen Sergeant.

That there are too many saloons in Oakland is apparent to the casual observer. In some quarters of the city there are as many as five and six in a single block. The general appearance of many of these places is proof of their disreputable character. As long as they are permitted to keep open one end of the retail liquor business will be found in the dregs of society. Sure-thing gambling will flourish and liquor will be sold to minors, and the police will have trouble; and the most debased form of the liquor traffic will be found arrayed against good government, good order and good morals.

### THE CITY BEAUTIFUL—SOME DAY

—CHICAGO NEWS

mediate cleansing of the moral atmosphere. By doubling the license tax the revenue from liquor licenses will not be decreased, and the liquor traffic placed on a reliable business basis, and will be legitimately conducted by men with too much at stake to peril their business interests by violating the law.

Oakland has too many saloons anyhow. We have a saloon to every 450 inhabitants. A mere statement of the figures is proof that too many liquor licenses are granted. One saloon to every thousand of the population would be nearer right. Conditions will not visibly improve till the license is raised and the number of saloons reduced.

Saloons should not be permitted to exist in residence districts on any terms. They injure the value of property immediately adjacent and lower the moral tone of the neighborhood. They are gathering places for the dissolute members of society, and exert a demoralizing influence on the young of both sexes. The so-called family liquor store in a residence district is a menace to the morals of the neighborhood. It has no legitimate place in our social scheme and should be relegated to a sphere where its influence is less baneful.

It has been the policy of the present municipal administration to gradually eliminate saloons from residence districts, but there will be survivals as long as the law does not specifically prohibit them. The new ordinance should therefore contain a clause forbidding the granting of liquor licenses in residence districts.

Ambassador Henry Lane Wilson has handed in his resignation and will be succeeded by Ex Governor John Lind of Minnesota. It is to be hoped that Mr. Lind will be less talkative and less partisan in dealing with the factions in Mexico. Great indulgence was shown Ambassador Wilson when he was allowed to resign instead of being summarily dismissed for criticizing the President and expressing disapproval of the policy our government has pursued in Mexico for publication in the daily press. His conduct was so contumacious and disrespectful as to deserve rebuke. He has been let down easy instead of being dismissed with a public reprimand. The diplomatic service is well rid of a man who complains to the newspapers that the President will not let him have his own way. Our government can have little influence abroad when its accredited agents publicly announce that its policy is all wrong and that it is acting ignorantly and injudiciously.

The Interstate Commerce Commission has taken a hand in slashing express rates. Apparently the combination between the express companies and the big railway corporations is to be broken up or reduced to a strictly business basis. By making side-kickers of the express companies, the people were enormously overcharged on freight of a certain class. The railroads evaded their functions as common carriers by handing over to the express companies a branch of their business, and then denying all responsibility for the exactions which have provoked so much complaint. Since the Interstate Commerce Commission

is to take charge of the railroads, there will probably be a dissolution of the unholy alliance which has fastened a system of extortion on the transportation business.

### The Kahn Building—a Civic Adornment.

Oakland's spirit of progress and enterprise is strikingly expressed in the buildings recently constructed and in course of construction. Each one bears impressive testimony to the growth of the city, its business development and the ambitious hopes which animate its citizens. Each in its way illustrates the advance of the community and the broader, bolder spirit of enterprise engendered by prosperous growth.

Oakland's latest example of business enterprise is the Kahn building. It is a noble edifice of great magnitude and beauty, grace and utility being combined in a structural scheme that harmonizes admirably with the new city hall and the Hotel Oakland. It is a vast trade emporium in which grace and elegance have been nicely balanced with strength and practical utility.

esthetic taste was not ignored in planning and building this magnificent structure. A considerable sum was added to the cost that the exterior might be made noble and impressive and the interior pleasing in outline and detail. Civic pride played a large part in the conception.

is the great dome surmounting it—the largest elliptical dome in the world—which converts the entire ground floor space into a vast rotunda, flooding every corner with light and giving an air of repose and spaciousness which even busy throngs cannot dispel. The ensemble is proof that love of the beautiful may go hand-in-hand with commercial success, and that civic pride may exert a governing influence in the construction of edifices designed to trade.

Aside from its great size, the Kahn building has character and individuality. It is the first in beauty and fourth in size of department store buildings in California—being exceeded in dimensions by one in Los Angeles and two in San Francisco. It would be an ornament to any city in the world. It is a credit to the commercial genius and success of the men who erected it. Representing an enormous investment, it is a convincing proof of confidence in the future of the city and of enterprise in keeping pace with it. Moreover, it is a superb example for others to imitate, and will be just the stimulus and encouragement to building development that Oakland needs. It is worthy of the greater city that is yet to be, fitted for the larger business that is yet to come.

In more senses than one it denotes a growth in ideas, commercial aspirations and civic ideals. It is emblematic of the new spirit which has taken possession of the city and given a fresh impulse to its development. It is a part of the larger growth that is finding expression in a multitude of ways, in the parks and playgrounds, in the new school buildings, the new city hall and the auditorium. Individual effort is keeping step with the onward movement of the community, leading it in some instances, and giving the outside world object lessons in enterprise and what energy and courage are able to accomplish.

Every citizen of Oakland will be prouder of his city for the Kahn building. The faith there manifested will stimulate the faith and efforts of others. To the stranger it will be a visible sign of the trade importance of this city and the brave spirit animating its merchants. It appeals to cultured taste and to those who see with artists' eyes.

With commanding amplitude it fills a large place in the municipal panorama, telling a story of business expansion and civic growth that no one can misunderstand. It is an adornment because it is beautiful as well as big, showing that spiritual growth has not been stunted by commercial success and financial ambition. It is a business edifice which in form and detail harmonizes with the aspirations which lead to the highest material and artistic development in urban communities.

In Yuba county a jury convicted a man who had shot one side of his wife's face off of simple assault. Had he shot both sides off he would probably have voted him a pension.

### Twenty Years Ago Today

Today was California Pioneer day at the World's Fair, and thousands of old timers from all parts of the state were there at the reception and exercises at the 15th and 16th streets of the California Commissioners.

Ed. D. G. Smith, editor in the near future at the First Congregational church on Lincoln and His Times. The subject will be illustrated with stereopticons.

The Ladies' Relief and Aid Society of the synagogue have presented a "perpetual" gift of \$1000 to the Hebrew Orphanage to decorate and furnish one of the vestry rooms for the rabbi.

Miss Terese Rosenberg has returned from a trip through lower Canada and New Mexico.

Executive finishes are marking the races at the Oakland race track and fast time has been the rule at the week's meetings. The stakes have been very liberal. The fair closes today.

At F. C. Moore's cook white under influence of a drug, jumped off the Big Street wharf today, but was rescued by C. J. Arntzler and C. P. Courtney, both of whom happened to be in the vicinity.

James L. Wright one of the founders of the Knights of Labor is dead in Philadelphia. He was well known in Oakland during the miners' strike.

Gen. George Gandy United States Marshal, was instrumental in the capture of Carter and Evans the bandits, is in contact with glowing accounts of the growth of the southern part of the state. His prose was richly rewarded for their capture. Gandy will return to his duties on a week.

People in the vicinity of Shadelund Park are constantly petitioning for more dart and street lamps but as yet no action has resulted from their appeals to the Council. The district is a growing one and demands greater civic improvements.

## MANY WILL TAKE CITY EXAMINATION

## FOG CLEARS AND WEATHER WARMER

Applicants A-Plenty for Numerous Civil Service Positions

Acting Secretary of the Municipal Civil Service Board, Frank Coopers, announced the following examinations today to be held this year:

Elevator operator, August 15; patrolman, September 2; junior stenographer, September 8; architectural engineer, September 10; chief deputy meat inspector, September 12; janitor, September 15; police elevator operator, September 16.

The time for receiving applications has closed on all of these examinations, with the exception of architectural engineer and junior stenographer.

The secretary of the Civil Service Board reports a lively competition for the following positions, at the approximate

Elevator operator, 43 applicants; patrolman, 65; junior stenographer, 39; architectural engineer, 18; chief deputy meat inspector, 8; janitor, 60; police elevator operator, 30.

Applicants have come to realize that they must pass a competitive examination, based upon merit, therefore, many men of ability are among the applicants.

The work of the Civil Service Board is creating universal notice. Requests for information are being received from va-

lues and regulations are being sought. The Rocky Mountain region has been having light showers and thunderstorms are expected in the West, Western Montana, Eastern Oregon, Nevada and Wyoming. There have been few changes in temperature in the East although it is slightly cooler on the Atlantic coast.

O. A. AND E. WILL EXTEND ITS SERVICE

On August 5 the Oakland, Antioch & Eastern railway will extend through service to Pittsburg, a distance of eight miles beyond Bay Point. The new stations on the extension after leaving Bay Point are Nichols, McAvoy and West Pittsburg, on the Sacramento and main line and Pittsburg on a branch line, extending from West Pittsburg, three miles.

Effective the same date a new time-table will be adopted which will have six trains daily in each direction between Pittsburg and Oakland and San Francisco, and one train each way in addition which will run between Concord and Oakland and San Francisco.

The trains will leave San Francisco at 7:40 a.m., 11 a.m., 2 p.m., 4 p.m., 5:15 p.m., 6 p.m. and 8 p.m., leaving Oakland 30 minutes later.

The 5:15 p.m. train from San Francisco is run for the benefit of the commuters and will not run on Sundays or holidays and only goes as far as Concord. Trains will leave Pittsburg at 7:40 a.m., 11 a.m., 2 p.m., 4:10 p.m., 6:15 p.m. and 9:10 p.m., and the commuters' train will leave Concord at 7:40 a.m. for Oakland and San Francisco and will not run on Sundays or holidays. On Sundays only a train leaves San Francisco at 9 a.m. and 11 a.m. for Pittsburg and way stations. Another train leaves Pinehurst at 5:35 p.m. on Sundays only, stopping at all Redwood Canyon points for Oakland and San Francisco.

COUNCIL PASSES NEW ADVERTISING ORDINANCE

The city council this morning passed the "blue sky ordinance" presented by a number of jewelers, merchants and members of the Merchants' Exchange, making it a misdemeanor to advertise, announce, publish or make any statement concerning a thing to be sold, or concerning any professional service that shall be found false or calculated to mislead or misinform. The ordinance is intended to strike at fake jewelry firms, fake real estate dealers and similar plans of swindling the public. It has been passed in San Francisco and Los Angeles as well.

POSTMASTER STODDARD RECEIVES COMMISSION

ALAMEDA, Aug. 5—Postmaster-elect Thomas C. Stoddard received his commission this afternoon, after a delay in transit occasioned by floods in Eastern Nevada. He will take charge of the office tomorrow. Stoddard succeeds the late T. W. Leydecker, who died in office last spring; but will serve a full term of four years. Instead of merely the unexpired term, Assistant Postmaster Harry Hammond, who has been acting postmaster since Leydecker's death, will continue in office as chief aid to Stoddard, his position being a civil service one.

COUNCIL TO TAKE UP JEWELERS ORDINANCE

An ordinance which has been before the council several times, making it a misdemeanor to make any false statement in a publication, billboard or announcement concerning anything of value for sale or with intent to defraud, was given its first reading in amended form and will be considered by the council tomorrow morning. It was introduced at the instance of several jewelry firms.

BIDS RECEIVED FOR BOND PRINTING

Bids were received by the city council this morning for steel engraving municipal bonds for the issue of \$300,000 in \$1000 denominations. Five bids were received. The bids were in three sections, the first section being a lump sum for the first lot, and a price per 100 bonds for two succeeding lots. It is anticipated that the lowest lump sum bid will not be the lowest bid for the three sections. The three lump sum bids were as follows: Schubacher-Frey Company, \$1196; Hall-White & Co., \$1095; American Bank Note Co., \$1072; Kelly-Davis Co., \$1125. Oakland Enquirer, 1935.

LEGISLATIVE WHEELS REVOLVE; POUNDMAN YIELDS UP "BUSTER"

"Buster," the mascot terrier of fire engine house No. 2 wandered from the building several days ago and while he wandered the poundman with a big net came by and snared him. The firemen were inconsolable over his loss and asked the poundman to give him up. But the poundman was obdurate.

The firemen presented a petition to the city council this morning for the release of "Buster" from the pound. The petition was granted, despite the negative vote of Commissioner Turner. "Buster" will go free from the tons hereafter.

BAD BOLD BURGLARS AGED 8 AND 10 CAUGHT

The police turned their attention to the arrest of two bold bad burglars today in the persons of Salvadore Ceremello and Nicholas Cave, who are alleged to have broken into the Oakland Market or Twelfth street Ceremello is aged 8 years, while Cave is 10. The two are sellers of gum when not practicing their art and science of burglary.

The boys are said to have climbed over the iron grill to steal gum and candy. They have been certified to the Juvenile Court.

CONVICTED FOR TRYING TO OPEN PHONE BOX

Yonah Finch, arrested last week on a charge of attempting to commit grand larceny by forcing open a telephone box in the public hall in the Commercial building, was found guilty this morning before Judge Mortimer Smith and given a fine of \$100. The sentence was made by Patrolman Nigtingale.

NOT MORE PLACEMATS PLACED AT CROSSINGS

The Vernon Rockridge Improvement Club applied to the city council this morning to have placemats stationed at the railroad crossings at Colgate and Shaffer avenues, and College and Claremont avenues. The matter was referred to Commissioner Bacus.

Several steps have been taken during the month toward developing the efficiency of the free employment side of the institution. Employment cards have been issued, and an automatic registration of both employers and employees has been started, and a few dollars have been set aside to be used for advertising for positions for deserving men.

Labor conditions have changed but little since last report. There seems to be no increase of the transients and about the usual number of odd jobs to be had. Apparently, most of the above-mentioned are readily put to work, but there is the usual number of crippled, sick and old in search of work.

## SEEK FUNDS FOR HIGH SCHOOL GYM

Five Thousand to Be Secured for Outfitting of Abandoned Rink

BERKELEY, Aug. 5.—Boys of the High School will seek funds of \$5,000. They want it for a new gymnasium, to be placed in the old U.N.O. skating rink on Alton Way. The campaign is to be launched soon under the direction of G. B. Moody, recently appointed physical director at the school. The gymnasium will be maintained, it is expected, by charge for rental of

Showers, lockers and gymnasium apparatus will be installed. Indoor baseball, basketball and other games will be provided for and apparatus secured for calisthenic exercises. It is being proposed to use the gymnasium both for the girls and the boys of the school. Miss Carol Coman, formerly of Pasadena, has been elected by the school board to direct the girls' classes.

The campaign is to be launched this day. A house-to-house canvas of the city will be made and stock certificates presented on a dollar toward the fund. The city has been divided into districts, over each of which is appointed a lieutenant directing a corps of workers. Several subscriptions have already been received, and the students are hopeful of securing the necessary total.

### BERKELEY PERSONALS

BERKELEY, Aug. 5.—Announcement has been made of the engagement of Miss Winifred Bridge, a senior in the university and a member of Gamma Phi Beta sorority, to Harry Beckwith Allen, son of Mr. and Mrs. David Allen of San Francisco, a law school student across the bay. The wedding will follow Miss Bridge's graduation.

Miss James Warren Stitt has returned from the Stitt ranch near Vacaville accompanied by her son-in-law and daughter, Mr. and Mrs. Chester Ristempur.

Mr. and Mrs. Herbert B. Glover, formerly Miss Lucile Stitt, left Friday for

Nebraska, their future home.

Miss Bessie Yates has returned from New York where she visited friends. Her engagement to Ralph Brooks High was of recent announcement. The date of their wedding has not been set, but the ceremony will be performed at Miss Yates' home on Prince street.

Professor and Mrs. Ivan M. Linforth are home from a year's travel in Europe accompanied by their cousin, Miss Eleanor French, who toured with them. Professor Linforth is of the Greek department at the university. His party spent fifteen months abroad.

Miss Mary Moore was a recent honored guest at an afternoon given by Miss Myrtle Hill. Miss Hill is just home from an outing in Mendocino county. Her guests return this week to Woodland after spending the summer in Berkeley.

### ALAMEDA PERSONALS

ALAMEDA, Aug. 5.—Mr. and Mrs. John Krug (Adèle Wink) who have been living in the Mills college section since their marriage last June, have moved to Alameda and are now settled in a cottage on Jackson street.

Mrs. W. D. Ross of 1638 Elm street is home from an outing at Monterey.

Mrs. Harry Appleby and daughter of Goldfield are visiting Alameda friends. Mrs. Appleby's husband is a former Alameda newspaper man and is now business manager of a Goldfield paper.

Paul Holden is spending two weeks of the vacation season with friends in Portland.

Mr. and Mrs. A. Akesson and children, who have been vacationing in the Santa Cruz mountains, have returned to Alameda. They made the trip in their new auto and motored about the country while on their outing.

Mr. and Mrs. Ralph DeBorde (Marion) Miss Margaret Burke has set September 3 as the date of her wedding. She is the bride-elect of Harold Durney. The wedding will be one of the leading events of the early fall season and will take place at St. Joseph's church.

"This is the first time I ever had any luck," said Mrs. Mathews. "Never won anything before, but this makes up for any previous disappointment and I should not worry if I never win again, for this winning amounts to something. I have ninety chances in an automobile at Newman where we lived until a short time ago. I also have a chance on a bunga-

low here, but I shall lose no sleep over these other chances now."

"Wouldn't it have been sad, though, if I hadn't been able to find the ticket which won in THE TRIBUNE drawing? I would never have known, for I didn't remember the number, but just the same it would have been sad."

## COLOMBIA HAS A NEW REVOLUTION

WILLEMSTAD, Curacao, Aug. 5.—Open communication between Venezuelan revolutionaries in Curacao and Venezuela has been prohibited by the government officials of Curacao on the protest of the Venezuelan consul here.

Another dispatch said there had been a revolutionary outbreak in Goaita, the Colombian peninsula forming the western headland of the Gulf of Maracaibo. The revolution is said to be spreading strongly also in the States of Zulia and Merida, where the telegraph lines have fallen into the hands of Castro's adherents.

Mrs. Mathews rejoiced with her little girl, called in some of her neighbors to tell them the good news, came to THE TRIBUNE office to claim the automobile, and then went across the bay to tell her husband all about it.

Mr. and Mrs. Mathews are to be permanent residents of Oakland, having pur-

chased a home here.

TELLS OF CONCESSIONS.

"Every year we pay out from forty to sixty thousand dollars in hard cash for picking hops. Nine-tenths of this goes to the workman's family, and he helps to feed and clothe them during the winter.

We grubstake scores who get there dollars a ton. We pasture pickers' houses at twenty-five cents a month. We grubstake scores who get there sometimes days before hop picking begins, so they can live until the harvest opens. We furnish well and city water to the camp. We furnish free wood, and straw and haul the pickers and their merchandise free to and from cars. We cause to be delivered free to all parts of the field, ice, water, pure and hygienic, which pickers are free to take away in jugs, bottles and cans.

"We pay three times a day and all the time. We used to settle up with our pickers once a month, now it is almost daily."

"We give our pickers every attention and convenience possible during the time of hurry and stress."

"Any industrious man can make two to five dollars per day. A man, his wife and family can make eight to twelve dollars per day. Fair women have averaged four dollars per day. We pay so much per 100 pounds of hops picked. If a person don't pick he gets no pay. Those who are willing to work get paid for what they do."

"There never has been a year of the whole thirty years we have harvested hops, that the Dursts have not paid the very highest price going for picking hops."

"The individual and the general public, it seems to us, needs fewer guns and pistols in evidence and a more sensible and expeditious enforcement of the common law—the law for the common man—and the same law for every man of labor."

## ARREST TWO ON JOINT CHARGE OF BURGLARY

H. D. McKeage, alias H. D. Belmont, an ex-convict, and Carter A. Thomas, were arrested in Sacramento on a joint charge of burglary for entering the home of W. F. ## OPPOSE PLAN OF WATER DISTRICT

East End Improvement Club of Alameda Discusses Proposed Election

ALAMEDA, Aug. 5.—Opposition to the plan of creating a water district including Alameda, for the purpose of acquiring and operating the plant of the Pacific Water company, was the action of the East End Improvement club last night, following the report of the special committee of investigation and the speeches of several members of the club and those who have made a study of the present conditions.

Rudolph E. Borlard and N. G. Webham set forth that the business plan of the proposed management is entirely at variance with the laws of good business practice. Aside from the source of supply itself, the plan called for a proposal that will be submitted to the people for their acceptance or rejection, was stated to be the manner of choosing the members of the board of directors who will number 10. Of these, eight are to be appointed by mayors of seven cities and one by the board of supervisors. They shall serve for four years and are subject to re-election by the people. The remaining five are to be elected, would serve four years and are subject to re-election.

### IN PEOPLE'S HANDS.

It was pointed out that the control of the board would be at all times out of the hands of the people, which is against the spirit and practice of the times.

The directors, it is set forth, are to be clothed with extraordinary powers, including the right and authority to sue and be sued, to purchase, lease, sell and barter land and water or water rights, to incur indebtedness and to cause taxes to be levied for the purpose of realizing funds for the discharge of such indebtedness.

The report sets forth further that as the eight appointed members of the board would be a safe working majority, the full power to actually do or cause to be done all these things, including the levying of taxes on the people, would lie in the hands of eight men, whom the people had no say in appointing and no power to remove.

The committee concludes its report with the statement that it has attended all meetings bearing on the subject, including the meeting of the East End Improvement Club and that there was no ground shown by the proponents of the measure why it should be adopted.

### GREEN MAJORS HEARD.

Following the reading of the report, Green Majors went into the details of the proposition. He reviewed the report of the committee and said that he stood for the March-Mayor plan and no other.

Other speakers were Mayor Frank Otis, City Attorney Samuel Poorman Jr., Henry D. Belmont, Joseph C. A. Borl, W. A. S. Nicholson and others. The report of the committee was submitted.

City Attorney Poorman, Henry Rosenblatt and Dr. W. A. Eichenberg were elected to membership.

### SOUTH END CLUB IMPUGNS MAYOR

Merchants Demand That City Attorney Staats Be Retained in Office

BERKELEY, Aug. 5.—With a gain of 600 to 600 over last year for the opening day, the public schools of the city started practically all their classes on this, the second day. The superintendent's office stated this morning that the high school registration for the opening day was 1,131, as compared to 1,131 for the opening day of last year, a gain of 11. In the grammar schools the enrollment, 4,873, as compared with 4,723, a gain for the first day of 15. The enrollment will materially increase today and will continue increasing during the week, reaching about the normal next Monday, when all vacationers have returned to the city.

### ACCUSED BOYS NOW IN COUNTY JAIL CELLS

Meirin Seymour and Ernest Brann, the two youths arrested in Niles last week after passing a number of fictitious checks there and in other places on checks there and in other places on the coast, were brought to the county jail this morning by Constable Joe Rodriguez and Assistant Proctection Officer Tyson. They are being held pending the filing of a complaint which will probably be done today or tomorrow. So far the two boys have stuck to their original story.

## WILL MAKE TRIP EAST MONTH FOR OUTING

## LONG TRIP ENDS, BUT MUST RETURN

Paul Selby's Visit Cut Short by Orders to Hurry Back.

BERKELEY, Aug. 5.—All the way from South Africa Paul Selby, a mining engineer, brought his family to visit relatives here and renew acquaintance with old friends, only to find word awaiting his arrival that he must return at once to important business. He started back yesterday, accompanied as far as

Miss Rowena Moore of the University of California, class of 1903, will be remembered in the alumni-community here.

Selby was graduated from California two years ago before his wife, their marriage being an event of seven years ago. Soon after their wedding they went to Johannesburg, whence they have not returned until the present time. Selby's enforced return is much regretted by his many friends here. Mrs. Selby will remain here for a few days longer, accompanied with her mother and sister, Mrs. A. R. Moore and Miss Margaret Moore, before returning for a vacation back to South Africa.

### UNITARIAN CLUB TO MEET AFTER VACATION

ALAMEDA, Aug. 5.—The Unitarian club is to meet tomorrow night after the two month vacation period. Captain William J. Day, superintendent of the California Prison commission will lecture on prison reform. Captain Day is an advocate of the establishment of an industrial farm for the better class of prisoners, to be operated along lines of the prison industrial farm in the Philippines.

Two weeks from tomorrow night Coert DuBois, district forester of California, is to speak. Rosewell S. Wheeler will also be one of the speakers to appear before the club in the near future and will lecture on China. The music for tomorrow night will be by Charles E. Lloyd, Jr., basso, and C. F. Morehouse, tenor.

### ALAMEDA COUNCIL MEETING

ALAMEDA, Aug. 5.—The city council will meet tonight in regular session. As far as known the meeting will be of a routine nature. A vast amount of minor business, including the usual first of the month routine, has collected during the three weeks since the last meeting of the council, and the session will probably be a protracted one.

TION there is no team right now that figures to beat Portland. Certainly the Oaks do not and neither do the Seals, for of these two teams there is not a regular player in either outfit who is batting .300 or better. On the other hand, Portland's pitching staff is right now the classiest on the circuit and the team batted .313 last week. Think of a team hitting like that away from home!

Cleveland's winning streak lasted just until the Naps ran afoul of the Mackmen and their \$10,000 field. The Community outplayed Cleveland in all departments yesterday afternoon, 1 to 0 without hitting a single home run. The only chance Cleveland has to win the pennant lies in the post-

season, which now looks up in a train wreck.

Washington still leads the Pacific Coast, the White Sox got four. Guess who won? The Little wonders, of course, 5 to 3.

The fact that Bill Ladd has been out of the lineup and Art Goss does so well in his place, has hurt the second baseman's chances for run-setting honors. Walter Carlisle of Venice is coming forward with a rush in his dreams and is not tied with Moran of Sacramento. Each club has three ties with the Oaks and Johnson fourth with 28. Coy has 61.

McIntyre was formerly an Oaklander and for many years acted as secretary of the old Reliance Club. It was exclusively stated in these columns recently that tentative terms, with Ritchie to receive \$15,000 for his end with the privilege of the moving pictures, were under discussion.

Jimmy O'Brien, the San Francisco promoter, put in his bid for the bout, but as was predicted, this action was merely to allow "Sunny" one more satisfaction that he had at least made a bid for the bout. According to Williams, he will not sign articles with the northern club until he hears from the East, where he has an offer for a ten-round bout. It is expected that he will not bring the matter to a culmination till the last of the week.

Loew Gross and Joe Blowers have been matched for a 20-round go at Vernon on Labor Day, September 1. The men will weigh in at 124 pounds ringside.

It is expected that a Petey-Miller match will soon be consummated. Petey is at Los Angeles and states that he is more than willing to show the fans that he is the true champion. And just to show that he means business, he says, "I'm going to ride through the mountains in a buckboard with a bunch of white heaves on the coast."

Bombardier Wells picked another easy one last night when he knocked out Pat O'Keefe, the welter-weight champion of Ireland, in the fifteenth round at London.

Wagering on the McAllister-Petroskey bout is still at 10 to 9. Petroskey's heavy hitting ability is winning him supporters by the score and the lopsided odds predicted have failed to materialize. Monte Attell, billed to box Percy Coe at Pittsburgh, Wash., August 14, sprained his ankle, or so he says, in training and will be unable to oblige. Coe is sorry, for he thinks he gets more money for the champion. And just to show that he means business, he says, "I'm going to ride through the mountains in a buckboard with a bunch of white heaves on the coast."

Among the many suggestions that came to the writer daily from fans who think they have figured out a way for the Oaks to win on their home lot comes this one: "We suggest that the manager pitch Hub Pernoll this coming Saturday, and C. S. Moran. This fellow has a few tricks up his sleeve, and the Oaks are due for a win."

All of which is not a bad idea at all, and one that could be adopted with profit.

Umpire James Bush will be back in the fold this week. President Ennis reinstates the official to good standing after a week's suspension, and he will be on the ground to work with Guthrie in the Oaks-Angels series here this week.

**MAYOR GIVES CHASE TO SPEEDING AUTOMOBILE**

SAN FRANCISCO, Aug. 5.—Mayor

done men gave chase to a speeding automobile along Mission street Sunday night. In the bottom of the machine they chased there lay a girl apparently unconscious.

What it was overkilled the machine was found to be driven by Vernon Halland, a chauffeur. Halland explained that the woman lying in the bottom of the car was a friend, Miss Eva Cohen, who was suffering from an attack of heart trouble.

In connection with Special Policeman George Curran, then hurried with the woman to St. Luke's hospital. Halland was later arrested for speeding.

He appeared before Police Judge Shortall yesterday morning, where the whole matter was explained and the case was dismissed.

MAY BUY BONDS.

STOCKTON, Aug. 5.—When bids are called for the sale of Stockton school bonds it is expected that the Woodmen of the World will have a bid in for \$100,000 worth. The order is said to have been considering the purchase of the bonds for several days. The official board of the Woodmen met in San Francisco, and it is stated that it was decided to take up the bonds.

## LAST HONOR PAID

MRS. E. R. GARLICK

Funeral Services for Late Educator Held From Family Residence.

The funeral of the late Mrs. Etha R. Garlick, daughter of J. P. Garlick and wife of P. J. Garlick, formerly principal of the Lincoln and Cole schools of this city, was held this afternoon from the family residence, 225 Fifth avenue, San Francisco.

For many years the deceased made her home in this city, where Dr. Garlick was a leader in educational circles, having served as county superintendent of schools. The late Mrs. Garlick was interested in the work of the California Anti-Capital Punishment League, and intensely interested in prison reform work. She graduated from the University of California with the class of 1887 and was an instructor in Latin and German for

several years.

Mrs. Garlick is survived by her husband, Dr. P. G. Garlick, and a daughter, Miss Etha Garlick of San Francisco.

Mrs. Garlick was married to Dr. Garlick, whose family is distantly connected with hers, many years ago. She was a daughter of J. P. Garlick, formerly of this city.
